

TWO STAGE HORIZONTAL
5HP-10HP Industrial Compressors

All options below are included.

PISTON SERIES

- Quiet, low RPM Solid Cast Iron construction for extended life - up to 50,000 hours*

Ram-Tek: Solid Steel, heavy gauge rods for maximum performance & durability

Belt Tension Adjuster: Fast, easy "one turn" design reduces vibration and extends belt life

Auto Tank Drain eliminates daily maintenance

Energy efficiency & MAXimum performance

Since 1977

Dual Control: Automatic and Continuous Run

Gate Valve Oil Drain: Provides quick, clean, oil changes

Magnetic Starter

EP10H120Y1

** Made In The USA

Features & Benefits

- **Cool-Tek:** The coolest running compressors in the industry - 35% lower operating temperature reduces moisture build up & extends pump life
- **Flow-Tek:** Concentric Disc Valves deliver maximum air flow and reliability with low replacement costs
