Details

The G 3050 OH is a compact powerhouse generating 3000 PSI, more than 60 times as much pressure as a typical garden hose. Featuring an uncluttered design with easy access to the engine and pump, this unit offers unrivaled ease of use. The G 3050 OH sports many industry-leading features, including a chip-resistant black crinkle finish and an ergonomic frame with 10" pneumatic tires and metal wheels. As with our other G-series pressure washers, the G 3050 OH uses technology borrowed from our successful line of commercial products, including a commercial-grade pump with brass pump head developed exclusively by our German engineers. (The same pump technology was used by Kärcher to clean the presidential faces on Mount Rushmore.) The G 3050 OH is equipped with a reliable, easy to start 187cc HP Honda GC 190 engine and a full set of our patented Pro-Style nozzles. A full line of accessories is available to further enhance the capabilities of this exciting new pressure washer. Elevate your level of cleaning today with the G 3050 OH from Kärcher!

#### 50 ft. Extension High-Pressure Hose

Tired of having to move your pressure washer so often while you clean? Extend your working range with our 50 feet extension hose! Constructed of commercial grade rubber, this high pressure hose extension withstands pressure up to 4000 PSI and resists kinks. Designed to work with Karcher G-, K- and HD-series gasoline pressure washers. Includes required adapter.

Order number 2.640-852.0

### Special applications

#### Set of 5 Quick Connect High Pressure Spray Nozzles

Set of 5 Karcher quick connect high pressure spray nozzles. Use to replace damaged nozzles or to upgrade to a complete set. Includes 0° (red, stainless steel, concentrated pencil jet), 15° (yellow, stainless steel, high performance), 25° (green, stainless steel, multi-purpose), 40° (white, stainless steel, sensitive surfaces) and 65° (black, brass, low pressure detergent application) nozzles. Fit Karcher gasoline pressure washers with quick connect fittings with a rating of 2600 PSI to 3200 PSI.

Order number 2.640-849.0

#### Suction hose with check valve

Order number 4.440-238.0

Spray lances

DirtBlaster™ Rotary Nozzle

Kärcher's patented Dirtblaster™ nozzle provides large area coverage with almost the same cleaning power as a solid pencil jet! This is achieved by a high-pressure pencil jet rotating at approximately 4,000 RPM, which increases the effective cleaning pressure of your pressure washer by up to 50%! Unsurpassed at removing stubborn dirt and solvents! (Warning: Not recommended for delicate or painted surfaces). Includes pre-assembled Quick Connect adapter. Fits Kärcher gasoline pressure washers with a rating of 2600-3600 PSI.
