Item # AP-A, Premium Tank-Mount Accessory Package

Our featured truck air compressor package is designed for commercial service trucks, low trucks, and construction applications. As a comprehensive system for serious fieldwork, it comes equipped with many features, including a 6 gallon tank, coalescing air line filter, and a regulator with gauge. Additionally, the truck air compressor package comes with an Oasis tire gauge: a lever-operated inflator body with a Class A dial gauge and locking chuck, available in 30, 60, or 100 psi. Key to Components

See image above.

A - Air Tank
 B - Coalescing Air Line Filter
 C - Regulator with Gauge
 D - Check Valve CV375
 E - Oasis Tire Gauge
 F - Adjustable Pressure Switch
 G - 3' Stainless Steel Braided Hose Assembly
 H - 10' of 1/2" D.O.T. Air Brake Tubing
 I - 25' Urethane Coil Hose
 K - Safety Valve
 L - Tank Drain Valve
 M - Coupler 3/8 NPTF - 3/8 NPTF
 N - Instant Tube Fitting
 O - Fitting 1/2 NPTM - 3/8 NPTM
 P - Tank Gauge
 R - Fitting 3/8 NPTM - 3/8 NPTM
 S - Fitting 3/8 NPT - 1/4 NPT
 T - Fitting - Bulkhead
 U - Coupler - Male
 V - Coupler - Female
 X - Coupler Plug - Female
 Y - Coupler Plug - Male
