

Please carefully read and save these instructions before attempting to assemble, maintain, install, or operate this product. Observe all safety information to protect yourself and others. Failure to observe the instructions may result in property damage and/or personal injury. Please keep instructions for future reference.

## Important Operating Instructions

# MINI AIR COMPRESSOR

**Model: 9517**

### CALIFORNIA PROPOSITION 65

**WARNING:** You can create dust when you cut, sand, drill or grind materials such as wood, paint, metal, concrete, cement, or other masonry. This dust often contains chemicals known to cause cancer, birth defects, or other reproductive harm. Wear protective gear.

**WARNING:** This product or its power cord may contain chemicals, including lead, known to the State of California to cause cancer and birth defects or other reproductive harm. Wash hands after handling.

### Important!

When using equipment, a few safety precautions must be observed to avoid injuries and damage. Please read the complete operating manual with due care. Keep this manual in a safe place, so that the information is available at all times. If you give the equipment to any other person, give them these operating instructions as well. We accept no liability for damage or

accidents which arise due to non-observance of these instructions and the safety information herein.

### SPECIFICATIONS:

**Max PSI: 260**  
**Power: 12 Volt**

### CAUTION:

**FOR YOUR OWN SAFETY  
READ INSTRUCTION  
MANUAL COMPLETELY AND  
CAREFULLY BEFORE  
OPERATING PRODUCT**

**Any failures made in following the safety regulations and instructions may result in an electric shock, fire and/or serious injury.**

### SAFETY WARNINGS

- 1) Keep your work area clean and well lit.
- 2) Do not use power tools in wet or moist conditions or in the vicinity of combustible liquids or gases.
- 3) Protect yourself from electric shocks by avoiding contact with earthed parts such as pipes, radiators, stoves or refrigerators.
- 4) Keep power tools away from children.
- 5) Store tools in a dry, safe location.
- 6) Do not overload the tool. The tool will perform better when used within its limits.
- 7) Do not use any air tools or attachments which are too weak or heavy for work.
- 8) Do not use the tool for a purpose or work for which they are not intended.

For warranty purchases, please keep your dated proof of purchase. File or attach to the manual for safekeeping.

9) Avoid over inflating. Do not exceed the recommended pressure.

10) This compressor is capable of inflating to 260 PSI.

11) Ensure the connector is screwed into the valve stem until it locks firmly in place.

12) Do not run the compressor for more than 10 minutes at a time.

13) This compressor is not designed for inflating high pressure tires such as tires used on trucks, trailers or tractors.

14) When running at more than 75 PSI, do not operate for more than 7 minutes at a time.

## OPERATION

1) Situate the tire so that the valve is on the bottom and close to the ground.

2) Plug the power cord into the cigarette lighter receptacle.

If inflating an inflatable, choose the proper adaptor, insert it into the connector and close the thumb lock.

3) Place the connector on the valve stem and push it down as far as possible. Close the lock.

4) When the proper pressure is reached, unplug the power cord.

5) Remove the adapter from the tire and remove the power cord from the cigarette lighter.

6) Always leaving the thumb lock in the open position when storing.

---

## **Limited Manufacturer Warranty**

*North American Tool (NAT) Industries makes every effort to ensure that this product meets high quality and durability standards. NAT warrants to the original retail consumer a 1-year limited warranty from the date the product was purchased at retail and each product is free from defects in materials.*

*Warranty does not apply to defects due directly or indirectly to misuse, abuse, negligence or accidents, repairs or alterations, or a lack of maintenance. NAT shall in no event be liable for death, injuries to persons or property, or for incidental, special or consequential damages arising from the use of our products. To receive service under warranty, the original manufacturer part must be returned for examination by an authorized service center. Shipping and handling charges may apply. If a defect is found, NAT will either repair or replace the product at its discretion.*
