

HMW 2448 & 2460 SWEEP-ALL

IDEAL FOR:

Estate Owners | Golf Courses | Rental Stores | Parks Departments | Colleges | Large Yards
School Districts | Institutions | Resorts | Campgrounds | Lawn Care Professionals

Clean

Pick up grass clippings, leaves, acorns, pine needles, pine cones, apples, stones, twigs, sticks, aeration plugs, litter & more!

Sweep

Ideal for a variety of turf conditions, roads, driveways & parking lots.

Control

Adjust the broom speed, broom height and dump without leaving the towing unit all by a hand held remote control.

Dethatch

Maintain turf health for lawns, parks, sports fields, fairways & other grass areas.

HMW Series

Electric Start with Battery Recharge Option (available Fall 2017)

Electronic hand held controls for the Dump, Brush Height Adjustment and Throttle Control

Brushes are driven by the Honda Engine on the Sweep-All machine

Tow behind Unit

Scissor lift option

TPW Series

Brush Height is set manually by adding/removing spacers and by the Three Point Hitch

Brushes are driven by the PTO shaft (540 PTO Shaft)

The dump is controlled by an electric switch with a wire harness running from the Sweep-All Machine to the tractor battery for power.

Scissor Lift Option

The scissor lift reaches a height of 5'0" for dumping into gators, trailers, dumpsters, etc.
