

ECOSTYLE

PLUS RADIATORS

Elegant steel panel radiator
Provides both radiant and convective heat
Well suited for standard efficiency and condensing boilers
White enameled finish for scratch and corrosion resistance
Highest output per sq/ft on the market

**outputs based on average water supply temperatures @ 180°F x 68°F entering air temperature
All Ecostyle Plus Radiators: Test Pressure: 188.5 psi Max Operating Pressure: 145 psi

Standard Components

- Contoured side panels and top grille
- Adjustable mounting brackets
- Matching plugs and vents
- Optional control valve with thermostatic head
