

Lawn Sprinkler Pumps - Cast Iron

Little Giant lawn sprinkler pumps are uniquely designed for proper lawn and garden saturation where alternate water sources are available such as ponds, lakes and wells. These pumps may be used for a variety of applications including irrigation, lawn sprinkler systems, gardens and general purpose water transfer.

- **Lawn and garden cast iron sprinkler pump**
Ideal for lawn sprinkler systems, garden irrigation, and recirculating large volumes of water
- **Heavy-duty cast iron construction**
For years of service and reliability
- **115/230 volt heavy-duty A. O. Smith motor**
Voltage selector for simple connection to existing power source
- **Self-priming design**
No additional priming required after initial fill
- **Engineered pump housing and hydraulics**
For high performance, efficiency and quiet operation
