SIPHON FEED BLASTERS

Maxus high quality siphon blasters eliminates the need for chemicals or difficult scraping by quickly cleaning a variety of surfaces including metal, wood, brick or concrete. Rust, scale and paint are easily removed leaving a satin finish ready for painting or further preparation.

MXS11001

FEATURES

- Quickly draws abrasives from bucket or bag
- Kit includes 10' hose and blast gun
- Ceramic nozzle and steel pick up tube included

MXS11002

Plastic 30lb

FEATURES

- Durable & lightweight plastic for increased portability
- Shoulder strap included for added portability
- Approx. capacity of 30 lbs. for approximately 50 minutes of blast time
- Siphon blaster gun with ceramic nozzle included

MXS11003

Plastic 60lb

FEATURES

- Durable & lightweight plastic for reduced weight
- Approx. capacity of 60 lbs. for approximately 100 minutes of blast time
- Siphon blaster gun with ceramic nozzle included

MXS11004

Steel 90lb

FEATURES

- Welded steel cart for maximum durability
- 125 PSI maximum for safe operation
- Approx. capacity of 90 lbs. for approximately 150 minutes of blast time
- Siphon blaster gun with 3 bonus nozzles included

BLAST CABINET

MXS30000

FEATURES

- Welded steel bench top cabinet for long lasting durability
- 125 maximum PSI for cleaning parts fast.
- Sealed rubber gloves included for ease of use.
- Transparent plastic top door for quick and easy use.
- Siphon blaster gun included.
- Work light

Maxus high performance pressure blasters saves as much as 75% of the time to do the job compared to siphon blasters. Our reliable Maxus blasters handles your toughest jobs such as removing rust, scale paint, and dirt from a variety of surfaces including metal, wood, brick or concrete.

MXS21001

Steel 45lb

FEATURES

- Welded steel frame for maximum durability
- Adjustable abrasive flow valve to handle a variety of blasting media
- ASME certified pressure relief valve setting at 125 PSI for safe operation
- Blast hood is included for safe operation
- Special filling funnel included for ease of pouring media
- Pressure blaster gun with 4 bonus nozzles included
- Self-relieving air line filter
- Blast gun with deadman style control

MXS21002

Steel 80lb

FEATURES

- Welded steel frame for maximum durability
- Adjustable abrasive flow valve to handle a variety of blasting media
- Top is recessed for easy and quick filling to get the job done faster and with no mess.
- ASME certified pressure relief valve setting at 125 PSI for safe operation.
- Blast hood is included for safe operation.
- Pressure blaster gun with 4 bonus nozzles included.
- Self-relieving air line filter.
- Blast gun with deadman style control.

MXS21003

Steel 125lb

FEATURES

- Welded steel frame for maximum durability
- Adjustable abrasive flow valve to handle a variety of blasting media
- Top is recessed for easy and quick filling to get the job done faster and with no mess.
- ASME certified pressure relief valve setting at 125 PSI for safe operation.
- Blast hood is included for extra accessory and safe operation.
- Pressure blaster gun with 4 bonus nozzles included.
- Self-relieving air line filter.
- Blast gun with deadman style control.
