

This Campbell Hausfeld, 2 Stage, stationary electric air compressor (XC602100) features a cast iron, oil lubricated pump. 175 PSI max pressure allows the user optimum tool performance. This

compressor does not include a power cord. It should be connected to a dedicated power supply that is 240-Volt, Ideal for garage and workshop applications with a space-saving footprint. Durable and powerful, this compressor will help with all of your garage and workshop needs.

Heavy Duty, 2 Stage, Cast Iron Pump

Oil-lubricated, Two Stage Pump to increase longevity & reduce noise

Designed with you in mind

The XC602100 is designed to tackle a wide variety of jobs, from rotating wheels, painting furniture, grinding welds and heavy duty nailing.

- Powerful**
 240-volt, 3.7-Running HP, heavy-duty induction motor creates maximum pressure to operate a wider range of tools and maintain longer run times.
- 60 Gallon Tank**
 Vertical ASME tank design maximizes your floor space and provides ample compressed air storage
- Versatility**
 This Campbell Hausfeld Air compressor is ideal for rotating tires, repairing engines, grinding, sanding, painting, nailing and more

Specifications

Model	XC602100
Tank Size	60 Gallon
MAX PSI	175
Horsepower	3.7 HP
Phase	1
Amperage	16.2 A
Pump	2 Stage, Oil Lubricated
Oil Capacity	47.4 oz.
Voltage	240V
CFM @ 90 PSI	11.0 CFM
@ 175 PSI	10.7 CFM
Unit Weight	255 lbs
Carton Size	29 in X 33 in X 74 in
UPC	045564643133

This air compressor is designed for

*based on B-10 bearing rating
