

Retractable & Flexible

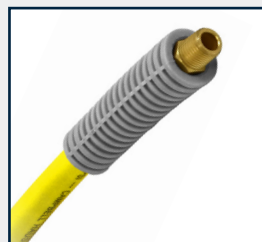

Campbell Hausfeld's (PA050010EC) retractable hybrid air hose provides great weather flexibility. It is designed to be lighter and less bulky than traditional solid rubber hose, lay flatter and avoid binding, kinking, and tangling. Including double brass 1/4 inch MNPT fittings, the max pressure of the air hose is 300 psi. It is ideal for garage, shop, industry, home and many other uses.
