

HV2100

4 STAGE, 8 PSI, 82 CFM HVLP Finishing System

Portable, Steel Housing

Commercial Grade Filters

Professional Spray Gun

FEATURES

BENEFITS

- 4 Stage Turbine**
 - Perfect for commercial jobs. 50% less overspray than conventional (non-HVLP) spray guns
- Portable, Steel Housing**
 - Durable steel and stainless steel construction. Easy-to-move or bolt to a surface.
- Commercial Grade Filters**
 - Two filters work to reduce contaminants
- Professional Spray Gun with Quick Indexing Air Cap and 1 quart Canister**
 - Sprays wide variety of coatings including solvent based, water borne, and specialty coatings. Spray pattern adjusts to round, vertical, or horizontal shapes.
- Includes Spray Gun, 34 ft. Air Hose, Air Flow Control**
 - Use air flow control to fine-tune your coating coverage. Includes quick-connects for hose fittings.
