

Chicago Pneumatic hand carry compressors Small in size but powerful on the job

Introducing the new **HAND CARRY** line of Piston Air Compressors from Chicago Pneumatic. **POWERFUL**, **DURABLE**, and **LIGHTWEIGHT**, the CP Twin Stack is ideal for small jobs where a traditional compressor is not available or feasible. The lightweight design with large handle makes it easy to transport around jobsites. This compressor features a smooth running oil-lubricated direct drive pump that provides consistent air delivery for finish trim tools such as brad guns and nailers.
