

# 2X<sup>®</sup>

**NEW** 2X<sup>30"</sup> EFI WITH INTELLIPOWER™

**TWO-STAGE POWER**

Ideal Snowfall	Driveway	Surfaces
		
18-23"	8-15 cars	Smooth & gravel

## RELIABLE START. CONSISTENT POWER.

Conquer winter weather with the latest addition to the two-stage power lineup. The 2X<sup>®</sup> EFI snow blower with IntelliPower™ engine technology offers up to 18% more available power\*, resulting in less bogging down when clearing heavy, wet and deep snow. Its digital throttle control consistently optimizes engine output while the electronic fuel injection system (EFI) gives you the confidence that your snow blower will start when you need it most every winter.

### Intellipower™

State-of-the-art IntelliPower™ engine technology delivers rigorous power in heavy, wet snow.

### Start on Demand

The EFI system adapts to your environment and adjusts fuel flow, giving you a reliable start every time.

### Built to Endure

Tackle it all with 14-gauge steel side panels and a 23-inch intake height.

### Built for the Long Haul

Get long-lasting durability with no maintenance needs from the heavy-duty high-arc steel chute and cast aluminum gearbox, backed by a 5-year limited gearbox warranty.†
