Our brand new DK2 Avalanche Snow Plow kits combine the simplicity of our original T-Frame plow with the strength of our custom mount frame.

The DK2 Avalanche Snow Plow allows you to quickly and effectively remove snow from your driveway or small parking lot. The Avalanche simply slides into a 2" front mount receiver for easy removal and storage.

Each snow plow ships in a single carton complete with hardened steel cutting edge scraper, rubber snow deflector, polymer-wrapped wire rope plow markers, skid shoes, castor kit for easy storage, and a 3,000lb wireless electric winch. Each Avalanche plow will also include a set of blade stiffeners for added strength by creating a 3 point connection.
