Pressure Washer Perfection

What makes KRÄNZLE perfect?

Radial axial pumps

Self priming (vertical draw)

Run-dry capability

German engineered & manufactured

Solid brass pump heads - freeze resistant

Ceramic-coated stainless steel plungers

Adjustable pressure

110v - 440v

Single or three phase

Can use up to 140° Fahrenheit water

All machines, unless noted otherwise, include: Hose, gun-jet, lance and at least one turbo nozzle, vario-jet nozzle or 25-degree fan tip nozzle.

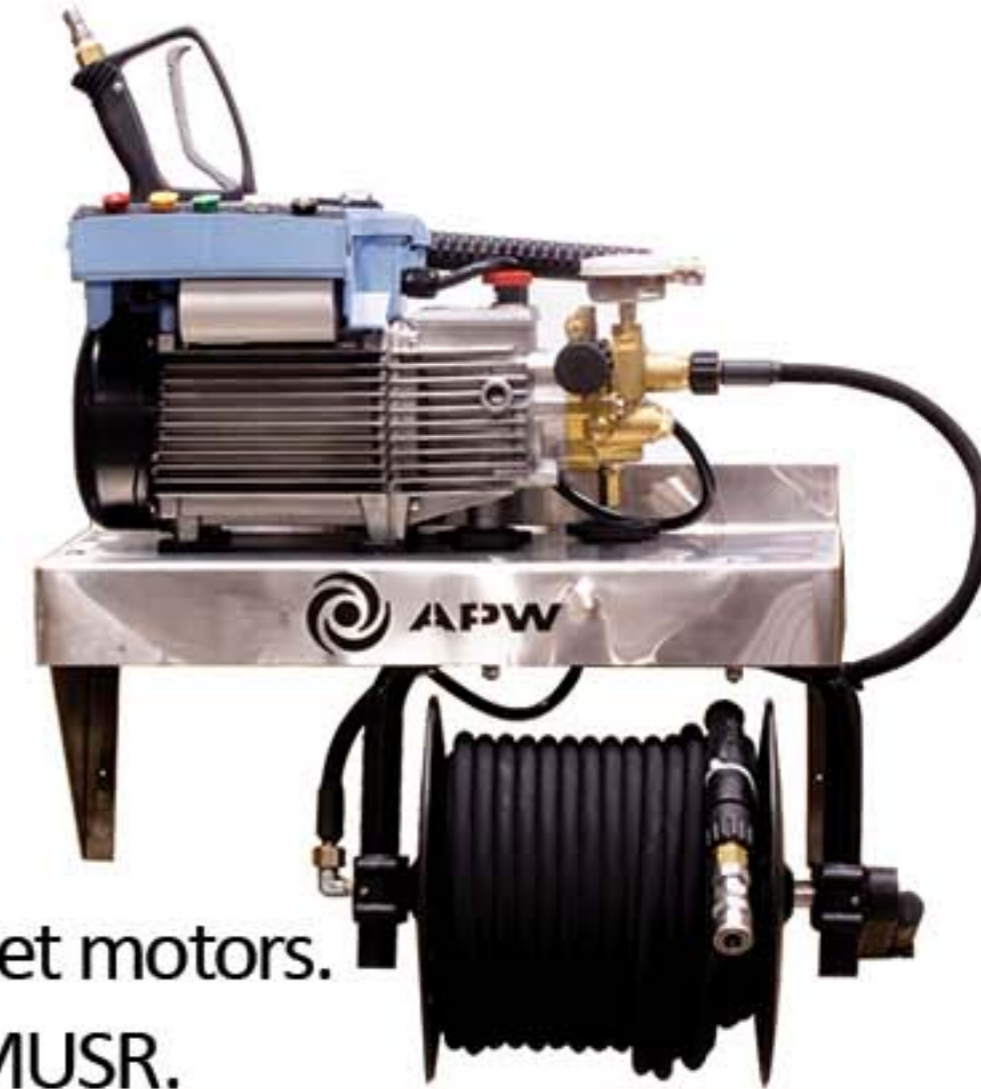

All machines have a 1-year commercial, 2-year residential warranty against manufacturer's defect.

KRÄNZLE Stationary / Wall Mounted Pressure Washers

1622TS (Pro Grade)

K2020PMUSR (Industrial Grade)

Auto detailers LOVE these machines due to their performance and quiet motors. The 1622TS is ideal for the “pro-sumer”. Detail shops use the K2020PMUSR.

MODEL	PART#	PSI	GPM	HP	VOLT	AMP	TOTAL STOP	Check Prices @ DirtKiller.com

KRÄNZLE DIRT KILLER Nozzles

Vario-Jet

Industrial Dirt Killer (IDK)

Dirt Killer

DK Turbo Nozzle (Industrial Grade)

Kranzle patented the very first turbo nozzles in the world. Since then, our turbo nozzles have dominated the pressure washing markets due to their superior performance and durability.

Vario-Jet (Industrial Grade)

The Kranzle Vario-Jet nozzle replaces “flat tips” with an adjustable spray pattern, as well as low pressure for chemical application.

DIRT KILLER

DIRT KILLER

Classic Gas Pressure Washers

Dirt Killer Classic pressure washers combine a Kranzle pump with a HONDA gear-reduced gasoline engine. They are the only machines in the industry that SELF-PRIME, can RUN DRY and operate in BYPASS for extended periods of time. Leave a competitor machine running, walk away and you will be buying a new machine. Walk away from a Dirt Killer Classic and when you come back it will work as hard as you!

All machines, unless noted otherwise, include: Hose, gun-jet, lance and at least one nozzle.

DIRT KILLER Cleaning Chemicals

After years of development and field testing by seasoned professionals via our retail store in Maryland (Atlantic Pressure Washers), we proudly introduce our exclusive line of Dirt Killer cleaning chemicals!

Whatever your cleaning need, we have superior products that thrill professionals and generate reliable repeat business week after week, month after month, year after year.

*Dealers contact Patricia to order a FREE SAMPLE KIT of popular house wash soaps

DIRT KILLER Cleaning Chemicals BEST SELLERS

Nastee (The original)

NASTEE

An industrial grade degreaser, Dirt Killer designed Nastee exclusively for commercial environments such as concrete cleaning, drive-thrus, grease traps, tile floors, etc. Nastee proves to be an effective paint stripper and deck cleaner as well. When the project is nasty, get Nastee. But, be warned, she is a mean mean girl and will burn your skin. PPE required!

Hell Bender

HELL BENDER

From the depths of pressure washer nightmares about tough stains, Hell Bender was born. Originally a fleet wash soap, we evolved the formula to attack nearly any type of surface stain. Pros use it for house washing, fleet washing, tire degreasing and more.

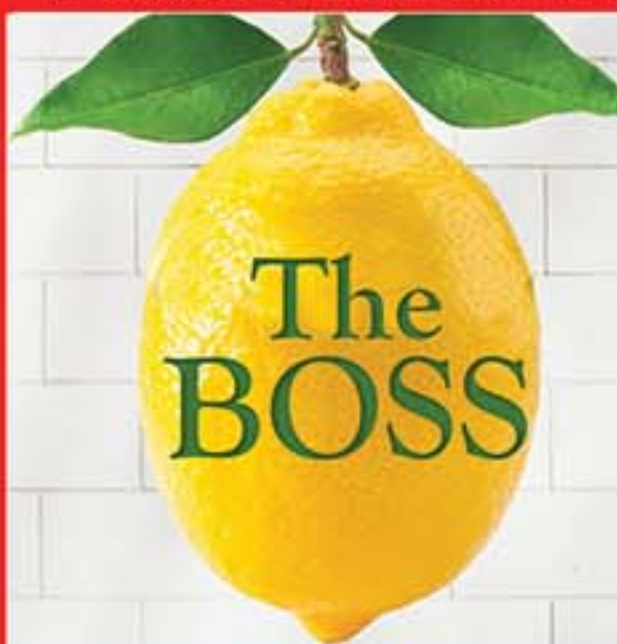

Kracken Wash

KRACKEN WASH

This is a one-of-a-kind formula designed to remove oxidation from painted surfaces such as vinyl or aluminum siding. It also works great for fleet washing and bleach-free house washing. When faced with oxidation, go full pirate and unleash the Kracken!

The Boss (ALL PURPOSE CLEANER AND DEGREASER)

THE BOSS Eco-Friendly Degreaser EPA-compliant water-based all-purpose degreaser used by itself or mixed, The Boss is used for the household and industrial cleaning projects alike. Plus, it smells like lemons for a distinct "clean" scent. When a job requires an eco-cleaner, show them who's "The Boss."

DIRT KILLER Cleaning Chemicals

Big Green Bruce

BIG GREEN BRUCE Eco Degreaser
BGB is like *Simple Green* on steroids. Big Green Bruce makes cleaning “greener”. It removes the harsh ingredients found in industrial cleaners and replaces them with aggressive ECO solvents that break surface tension and release stains from just about any surface. When you need a tough eco cleaner, use Big Green Bruce.

Potion Orange

(Eco friendly degreaser)

POTION ORANGE

Magic Ju Ju juice for all of your eco-friendly cleaning needs. Carefully extracted from the souls of various citrus fruits, Potion Orange makes kitchen grease, grime, tar, road salts and dirt stains disappear. It also works magic on tile grout and has micro-etching properties to make tiles safer.

*Acid based. PPE required.

Power Bolt

(Industrial Grade Solvent)

POWER BOLT Industrial Solvent
This powerful solvent satisfies most property maintenance needs. Its eco-friendly formula has a neutral scent and can be diluted up to 500 : 1 and still be an effective cleaner. Power Bolt is one of the most cost-effective cleaners on the market today.

Mango Grotto

(Masking Scent)

MANGO GROTTTO - Masking Agent

This amazing masking agent was specifically formulated for soft washing. The unique chemical makeup of this product masks the scent of sodium hypochlorite and fortifies and stabilizes your mix for a better wash.

*Pros use mask as an easy upsell due to its powerful and pleasing aroma.
*Also available in apple and lemon scents.

DIRT KILLER Cleaning Chemicals

Aluminati

ALUMINATI

Through out all of the history of space and time, few legends have grown as strong and remained as elusive as that of Dirt Killers Aluminati blend. But no more. The code has been cracked. The secret unveiled. Now, you too can illuminate your aluminum like the power elite!

*Acid based. PPE required.

Maximus Foam

MAXIMUS FOAM

If gladiators were pressure washing and soft washing pros (and they are) they would use Maximus Foam for its superior clinging properties, bleach and alkaline stability, and its ability to be diluted to the perfect suds level: Thick like shaving cream, light as a cloud and everything in between. Be a gladiator. Use Maximus Foam.

Manticore

(Foaming marker dye - Mango scent)

MANTICORE -SH Dye/ Masking Agent

Designed to be used with a dedicated metering system, Manticore is a one of a kind mango scented masking agent that lays a reddish purple-sud that dissipates shortly after being mixed with Sodium Hypochlorite or after being heavily diluted with water.

Ruster Buster

RUSTER BUSTER

Bust rust with Ruster Buster. Seriously. Ruster Buster is an all-in-one formula blended to aid in the removal of mineral deposits from the pores of block, stone, concrete and other masonry surfaces. Ruster Buster is an acidic cleaning agent that breaks down mineral content on surfaces.

*Acid based. PPE required.
