

FEATURES

- Rugged compressor with cast iron cylinders
- "V" design minimizes vibration, improves cooling and extends compressor life
- Individual and removable cylinders for smoother and cooler operation
- Heavy duty pressure switch has on/off control
- Thermally protected 7.5 HP single phase, 208/230 volt electric motor
- Metal air filters with "Auto Drop" feature
- Convenient oil drain on front of unit
- 80 gallon ASME registered tank, 175 PSI rating
- Easy view oil sight gauge
- High efficiency reed valves for maximum performance
- Efficient heat removal from flywheel for cooler running and longer life
- Sturdy metal belt guard
- 3/4" Outlet ball valve included
