# **GOAL ZERO** NOMAD° 5, 10 & 20

Charge power banks and small to medium devices from the sun with the Nomad 5, 10, and 20. Our most portable solar panels feature a new small panel design, durable enough to last through any adventure and sleek enough to fit in any pack.

#### **NEW FEATURES**

Built-in Flip dock secures your power bank in place to let you easily charge the battery from the sun while hiking, biking, or on the move.

Adjustable kickstand clicks and locks into place for added stability, allowing you to achieve the optimal angle for solar collection.

Integrated cable storage on Nomad 20 keeps your charging cord organized and protected when not in use.
