DEPEND ON IRON & OAK

You can depend on Iron & Oak products and customer support. Since 1982, Iron & Oak commercial log splitters have been rated among the top in the industry for their performance, ease of use and reliability. Built for commercial use, Iron & Oak log splitters are engineered with precision to ensure efficiency and built with quality components that meet exacting company standards.

*Extraordinary delivery requirements may necessitate an additional shipping fee. Island, mountain and rural/remote location deliveries are subject to longer delivery times - additional fees and possible cancellation when outside our delivery zone.

QUALITY MANUFACTURING

All Iron & Oak log splitters are made in the USA with both American and imported components. They are designed, fabricated and welded in-house for total quality control. Each unit receives a powder coat finish for lasting durability.

POWERED BY HONDA

With legendary easy starting, better fuel efficiency and quieter performance, it's easy to see why we choose Honda to power our splitters.

POWERED by **HONDA**

LOG DISLODGER

The dislodger ejects any log that sticks to the wedge, protecting the control valve and other hydraulic components from damage.

*Excludes BH2W2016GX & TMH13HYD

AUTO LATCH SYSTEM

NEW Auto Latch System makes transitioning between the vertical and horizontal operating positions simple.

*24 & 30 ton vertical/horizontal models only

WIDE WEDGE

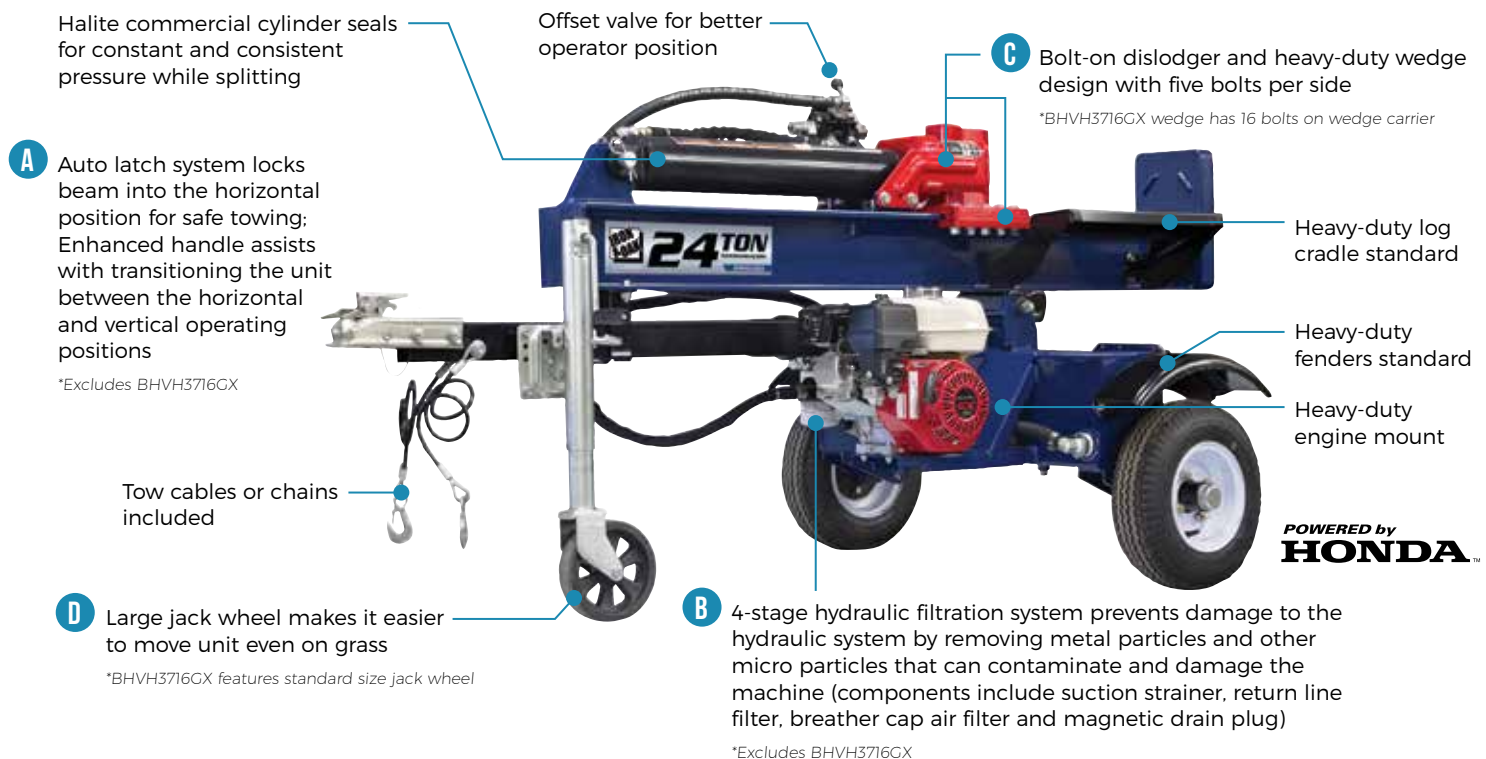

Our splitters use a wider wedge to improve cycle time and produce an overall cleaner split.

*Excludes BH2W2016GX

"We (at Weldy Sales & Service) have been selling Iron & Oak splitters for 20 years and have been very satisfied with the performance of the various models we have received. Our rental units have held up very well ... warranty issues have been satisfied as well.

-Phil Weldy, Buchanan MI
