

# Sump Controller

## Home Flooding Relief. Plug In, Connect and Relax.

Flooding can happen unexpectedly and without warning. You need to be prepared. Help minimize damage to your home and deliver convenient relief for your family with Pentair Sump Controller.

This smart connected device will inform you of any abnormal condition or issue with your sump application. With remote monitoring and system diagnostics, be empowered to protect your property and stay in control. Anytime, anywhere.

Sump Controller can detect primary float switch failure and operate your pump using a secondary high water alarm, stepping in to reduce the risk of flooding if necessary.

### PUMP SETTINGS

Control pump settings remotely from your phone.

### SYSTEM ANALYTICS

Monitor your device with system diagnostics and analytics.

### HIGH WATER ALARM

Stay aware and take action with a high water alarm.

### PUMP CONDITION

Be informed with abnormal pump condition detection.

**Easily retrofittable and simple to connect!**
