One Year Limited Warranty

ATV, Z Turn, Lawn Tractor, UTV & Turf Plows

For twelve months from date of purchase, Nordic Auto Plow LLC warrants against the defects due to workmanship or materials to the original purchaser. If a defect does exist, it will be obvious to the eye before assembly and we will promptly replace any defective part.

The plastic components of the plow are designed to break under extreme stress in order to minimize damage to the vehicle and is not considered a defect. To minimize this breakage, we stress the user to read the tip sheets offered and review the videos available at www.nordicplow.com. Any used and/or broken components can be replaced at a nominal charge by calling 888-662-PLOW (7569) or by visiting our website.

Once a plow is used, it cannot be resold, and thus will not be accepted as a return. A restocking fee equal to 20% of the purchase price plus applicable freight charges will be assessed for any returned unopened and unused.

Nordic Auto Plow LLC obligations under this warranty are limited to the following guidelines:

- This warranty does not cover units that have been altered / modified or damaged due to: normal wear, improper maintenance, and/or improper use.
- This warranty does not cover any damage that may occur to any vehicle to which the product is mounted or comes in contact with.
- This warranty does not cover surface scratches to the plow, which is considered normal wear.
- This warranty is not transferable or assignable to subsequent purchasers.
- This warranty does not cover liability for damage to property, or injury to, or death of any person arising out of the operation, maintenance or use of the covered product.

EXCEPT AS STATE ABOVE, NORDIC AUTO PLOW LLC MAKES NO OTHER EXPRESS OR IMPLIED WARRANTIES. THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE LIMITED IN DURATION FOR TWELVE MONTHS FROM THE DATE OF PURCHASE. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LAST, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

ANY LIABILITY FOR INDIRECT OR CONSEQUENTIAL DAMAGE ARISING FROM THE FAILURE OF NORDIC AUTO PLOW LLC TO COMPLY WITH THIS WARRANTY OR ANY IMPLIED WARRANTY IS EXCLUDED. CUSTOMER ACKNOWLEDGES THAT THE PURCHASE PRICE CHARGED IS BASED UPON THE LIMITATIONS CONTAINED IN THE WARRANTY SET OUT ABOVE. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS AND YOU MAY ALSO HAVE OTHER RIGHTS WHICH VARY FROM STATE TO STATE.

ENGLISH

Safety:

Read and understand the plow instructions, Warranty & FAQ and Tips before use. Scan the QRC instructional videos on the first page or watch the videos on our website before use. (www.nordicplow.com) Always instruct other users before they use the plow.

Operation:

Risk of Injury

Never allow anyone to walk beside or sit on the plow when in use.

Never operate the plow over 2 to 3 mph. Keep a slow steady speed.

If you hit an obstruction, immediately stop the vehicle and reverse direction.

DO NOT RAM the plow. Our blade is plastic and will not handle the stress.

Instruction Clarification:

STEP 1: Make sure the extended tabs of the blades are all in the same direction as shown.

STEP 7: Be sure to put Parts #4 and #5 as shown. Part #4 - Top plate goes on top of the rail, and Part #5-Bottom plate goes on top of the bottom rail.

STEPS 8: The nylon washer, part #30, goes between the pivot bracket and the plates. If there isn't room to insert, then redo Step 7. Tighten the lock

nuts (Part #41) fully then back off half turn for easy movement.

STEPS TO REMOVE COVER

STEP 9: Remove the foot pedal by removing the 3 inside lock-nuts as shown. Save the lock-nuts for reassembly.

STEP 10-12: Using a #30 Torx socket, first remove the front cover, then remove the remaining screws holding the cover in place. Carefully lift the cover so to give you access to the front frame bolts.

STEP 13-14: Remove the two front frame bolts and attach the hitch receiver (Part # 11) using the same bolts & nuts.

REATTACH COVER & FOOT PEDAL BY REVERSING STEPS 9-14

STEP 16: Mount the boots on the inside of the hitch. Securely tighten using the back three holes as shown.

STEP 17: A right-sided mount of the handle is shown. Place bracket (Part #46) on the other side if a left-handed handle is preferred. Insert Part #53 into the top and 5th hole from the top leaving the bottom three holes open for the axle.

STEP 18: Slide the axle (Part# 8) through the 2nd hole from the bottom on the handle side. Be sure to include the thick spacer (Part #42) between the handle bracket (Part #46) and the boot

(Part #55). Place the two nylon spacers (Part #30) on the axle at the opposite side between the pivot bracket and the boot as shown.

The inset picture shows the desired pitch once attached. Moving axle up or down changes the plowing angle.

FAQ's

How long will the plow last?

The lightweight, rounded edge design reduces friction and wear of the blade. The bottom edge will show signs of pits and scratches but will not degrade the reversible blade.

Can I use it on uneven surfaces or grass?

Yes – our rounded edge is safe on paver bricks, tarps, grass, gravel and most uneven surfaces without causing damage to the blade or surface being plowed.

Trouble Shooting & Tips

Blade is not flush to the ground:

The blade is upside down - the top pivot and bottom pivot plates must be reversed. See Step 7.

The blade is heavy to lift:

Reverse the Time Cutter a foot or so before lifting the handle so as to clear the plow of material.

OPTIONAL ACCESSORIES

We offer a **squeegee rubber edge** that works great for water or leaves. We also offer extended **side fins** for straight pushing of leaves or water - go to www.nordicplow.com for more information.
