

MEET THE TSUNAMI ROVE

THE **NEW** TSUNAMI ROVE OFFERS AN EASY-TO-OPERATE REGENERATIVE DRYING SYSTEM OPTIMIZED FOR MOBILE USE IN ANY BODY SHOP.

- 1 10 Hp Regenerative Air Dryer
- 2 50 Series Pre-Filtration
 - 1st Stage Water Separator
 - 2nd Stage Oil Coalescing Filter
- 3 30 Gal Receiver Tank on Wheels
- 4 High Flow Piston Outlet Regulator

Simply plug your air connection into the ball valve inlet located on the Tsunami pre-filters and you're ready to go! The Rove provides your shop with ultimate versatility by having the cleanest, driest compressed air available whenever and wherever needed.

The Rove system incorporates industry leading Tsunami drying technology packaged as a complete system. The systems includes a water separator, oil coalescing filter and automatic float drains to assure proper draining of water, oil and other contaminants. The system is mounted on a 30 gallon receiver tank to provide mobility and storage of clean, dry air.
